

Call for Tenders

fullframe 2012

Experimental- und Avantguardfilmscreening
April 19th 2012, Gartenbaukino Vienna

Interested artists can tender films or videos from the realm of visual arts and new media until first of march 2012.

Requested are current tenders (not older than 2010) which gain quality by being presented on the 120m² screen at the Vienna Gartenbaukino, coming from the genre of experimental and avantguard filmart.

Within this area we are aiming for a wide range concerning the application with the medium 'film&video'.

The selection will be proceeded by the **fullframe** association and will cover worldwide productions and various formats and media, which have been produced from 2010 onwards, respectively in exceptional cases unseen elder works. We have a special interest in artistic solutions, which are technically experimental or in some way ground-breaking.

On the 19th of April 2012 **fullframe** presents a selection of current film and video art in a program with the duration of 100 minutes at the screen of the Vienna Gartenbaukino. 16mm, 35mm, video-projections and a live-act will be shown. The program consists of films and videos, which are of museum quality or are customarily displayed in galleries.

It shows that a presentation at a cinema not only enables a new concentrated view of the single films and a reciprocal action within the entire program but it also attracts a wider range of visitors.

So far works by Pipilotti Rist, Friedl Kubelka, Nikolaus Gansterer, Peter Weibel, Kerstin Cmelka, Gustav Deutsch, Julian Rosefeldt, Siegfried A. Fruhauf, Marie Losier und Thomas Draschan, only to name a few, have been displayed.

Tenders to:

fullframe
Postfach 37
A-1061 Vienna
Austria

For tenders: Preview-DVD or link and filled out entry form
until 1th March 2012 (postmark)
